Highlights

A boost of freshness
The Fresh Eyes head is made of a special cool material, with a premium ceramic coating. It gives immediate results, because it cools the skin below the eyes within seconds, giving tired eyes a boost of freshness.

Gentle on delicate skin
Thanks to the smooth material and the gentle program of DualMotion, the Fresh Eyes head provides a gentle massage experience that respects the thin and delicate skin around the eyes.

120 Nano-vibrations per second

The customized DualMotion program for Fresh Eyes delivers 120 nano-vibrations per second, for a gentle, comfortable and refreshing massage around the eyes. It is specially designed to be gentle for the thin and delicate skin around the eyes. The Fresh Eyes program is a short program of only 30 seconds. so you can quickly use it in your daily skincare ritual!

Easy in your routine
Easy to integrate in your skincare routine. The Head can be used with your current skincare products and brands, like creams, serums, oils and essences. You can also use it without any cream if you'd prefer.

Easy to clean
The Head is easy to clean. Simply clean it in the sink with warm water and soap.

30 seconds to fresh eyes
The customized DualMotion programme for Fresh Eyes takes only 30 seconds, for a quick refreshing touch up in the morning.There are 2 intensity settings you can choose. Setting 1 gives a light intensity massage programme with only vibration, and Setting 2 gives a slightly higher intensity programme with rotation and vibration.The Fresh Eyes programme uses two-way rotation to be able to follow the lymphatic flow in the skin.

Special shape and material
The Fresh Eyes head has a rounded shape, designed for a gentle massage around the eyes. The special coating helps for great gliding on the skin, respecting the delicate skin. Tested with >300 European and Asian women.
